

## Your dependable solution provider

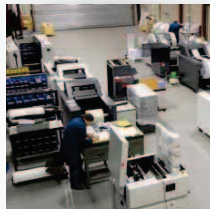

### Aims and Objectives:

We are in the business of manufacturing paper handling systems for the data processing industry. Producing some of the most sophisticated and technologically innovative continuous paper handling, printing and finishing machinery in the high speed, high volume, full colour document arena.

It is our mission to supply appropriate paper handling solutions worldwide, to improve our customer's efficiency and profitability, to Meet and Exceed our customer's needs, Achieve Excellence in Product Development, Adopt Best Practises in Manufacturing, Deliver a Total Quality Solution.

## Your knowledge Centre

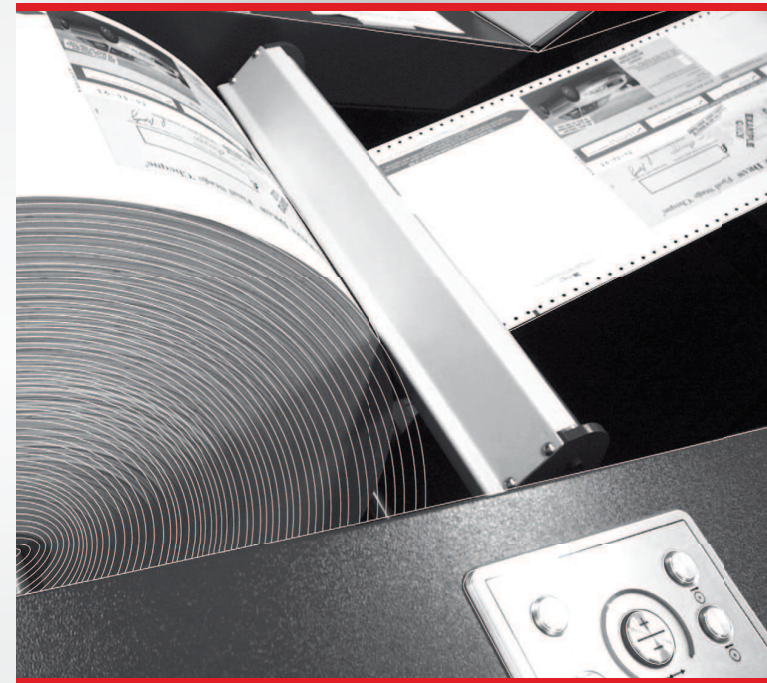

### Matti Technology and Engineering AG

Our main office is located in Sulgen/Thurgau/Switzerland at the foot of the Swiss ALPS and close to beautiful Lake Constance (Bodensee). Zurich (airport) is about 70km from the village of Sulgen, with 3400 inhabitants. The municipality near the River Thur is made up of several hamlets, each with its own individual characteristics. Enclosed by vineyards and only a short distance from the highest point in the district, the Säntis (at 2,500 meters above sea level), which provides a panoramic view of Austria, Germany, Bodensee and down to Italy. This is where Matti Technology and Engineering develop, assemble, test and support customers worldwide.

### Matti Orion Ltd.

The UK office can be found in Wickwar a parish, market town in the ancient upper division of the hundred of Grumbald's Ash, located in the Cotswold's. The small market town first attested in the Domesday Book of 1086 is located between the roman towns of Bath «Aqae Sulis» and Gloucester «Colonia Glevum Nervensis» lying close to Wales. The town was formally recognised as a considerable celebrity in the clothing trade, and now for its brewing attributes which can be found opposite the Millstream Works of Matti Orion, manufacturers and designers of «state of the art» paper handling systems and equipment for the data processing industry.

## Your vision – our mission

Orion solutions

### Matti Orion Ltd

- Manufacture of bespoke equipment.
- UK's leading manufacturer of Pre and Post Processing Equipment.
- System Integrator for Digital Web Printing Systems.
- Offers custom development services for the high-speed digital print arena.

#### Suppliers of:

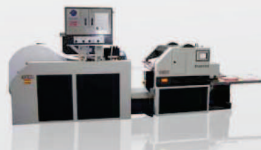

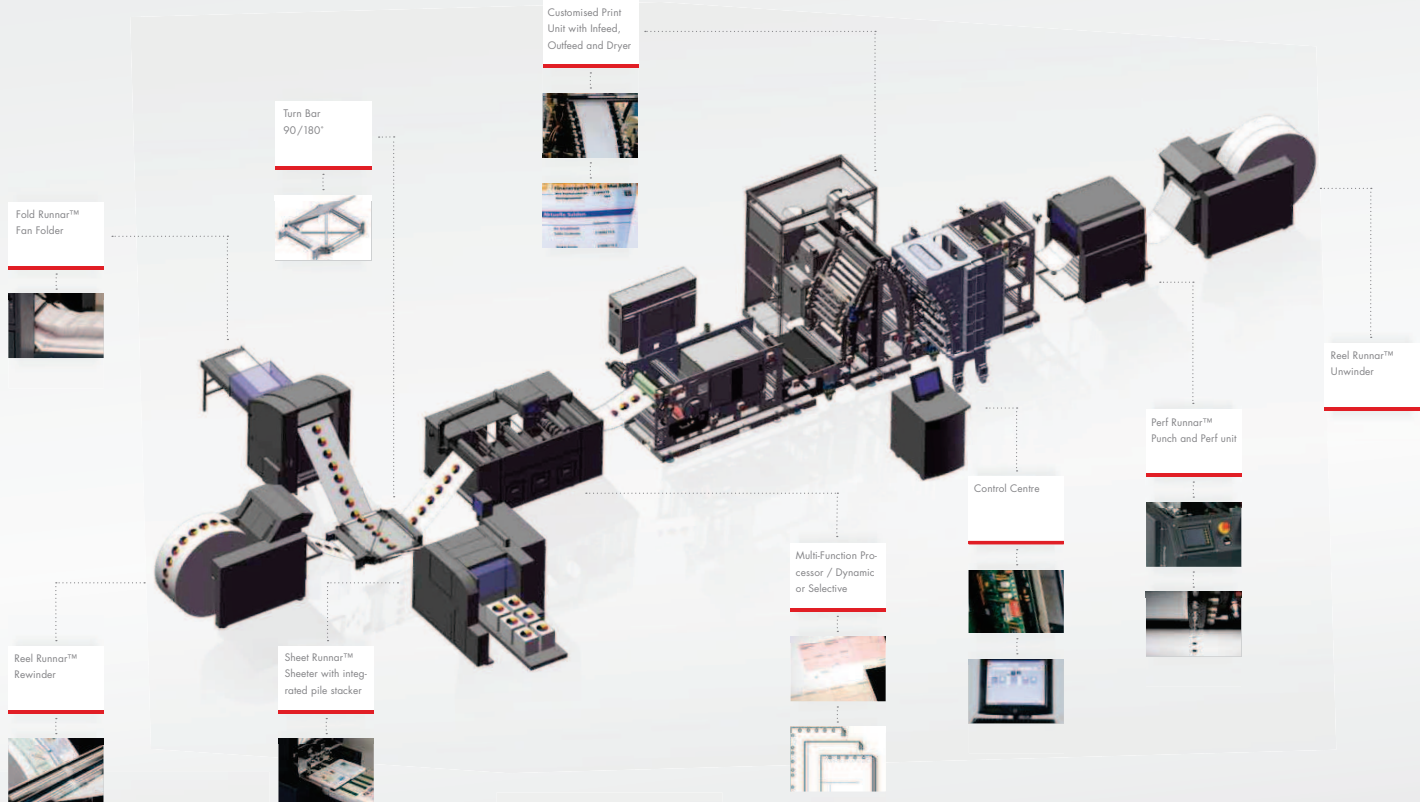

- Customised Paper Transport Systems
- M-Tower –Integrated Digital Print Solutions (Hybrid Solutions)
- Dryer Solutions (IR and UV, others)
- Web Tension Control Systems
- Pre and Post Processing Equipment
- Coating / Tinting / Varnishing Processes and Equipments

#### Suppliers of:

- Press Control Systems
- Dryers (IR and UV)
- Paper Transport Systems
- Varnishing Systems

#### Suppliers of:

- Unwinders / Rewinders
- Paper Processors
- Die Cutting Units
- Dynamic Perforators
- Multi-Function Devices
- Web Transport System
- Conventional Printing and Coating Systems
- Folders
- Sheeters

*Matti Orion is consistently producing some of the worlds most sophisticated and technologically, innovated, continuous paper handling solutions allowing our customers to be at the forefront of their business.»*
