

## Smart-Binding Solution

News Letter

Dear Mike

Partnering with fellow British manufacturers IBIS Bindery Systems and Spedo UK, Matti Orion were part of a new collaboration to provide a high speed binding solution.

The Binding solution featured the IBIS Smart-Binder, Spedo flagship 2600 Pinless Cutter and a Matti Orion TU5020 unwinder, renowned for its low cost of ownership, reliability, performance and Eco friendliness.

Our commitment is to be part of innovative solutions, helping our customer's to realise their ideas, ensuring they are at the forefront of their business. If you have a paper handling requirement and you are looking for a solution or you would like further information then please give us a call.

Yours sincerely

Mike Comer
